

# Black Rock Forest

## *Welcoming you to the Forest*

### Kitchen Use and Meal Guidelines

Each group using the Black Rock Forest Lodge is responsible for its own meals. Meals can be prepared by the group or they can be catered. The Lodge kitchen has a large refrigerator, large freezer, and a microwave for our guests to use. The gas stove and dishwasher require some training before they can be used. There are recycling containers available for garbage, paper and cardboard and plastic and glass items.
