

## 15. BLACK ROCK FOREST

### CORNWALL

Black Rock Forest Consortium is a nonprofit organization and a 3,914-acre research forest with a mission of advancing scientific understanding of the natural world through research, education, and conservation programs. The public is welcome on their 26 miles of trails and is invited to participate in volunteer events and public programs, such as hikes led by their consortium educators and researchers. 845.534.4517, [www.blackrockforest.org](http://www.blackrockforest.org)
